## Chapter 1 by Arif

My hands were numb with cold, my legs felt immovable. I knew if I didn't move fast they would catch me. My legs gave way and I fell head first into the deep snow. I pulled the 9mm pistol out of my gun holster.

Here they come.

## Chapter 2 by SneakyPeaky

I saw the pack pouncing towards me. I could feel my heart thumping as fast as their swift limbs. I felt a vibration... a vibration that I felt before. I realised that the amount of descending wolves have caused a snow slide. I had to move quick or else I would be buried in the snow and by the time emergency services reach the area I would be frozen to the core. I bowled myself over as quick as possible and tried to reach a tree but by the time I reached and observed the snow slides distance between itself and me...I was too late.
